-

Professional Experience

University of Colorado Boulder — Zero Waste Event Lead

Mar 2026 – Present

- Lead student waste management efforts during university events.
- Coordinate with team members to ensure efficient trash, compost, and recycling sorting.
- Communicate responsibilities clearly across team members to maintain smooth operations.
- Support sustainability goals through accurate waste diversion and process organization.
- Strengthened leadership, teamwork, and communication skills in fast-paced event settings.

University of Colorado Boulder — Zero Waste Staff

Sep 2024 – Mar 2026

- Worked on-site with student teams to sort waste, recycling, and compost collected from multiple campus locations.
- Managed hands-on recycling operations involving large volumes of materials.
- Maintained clear communication with team members to ensure efficiency and safety.
- Built strong teamwork, problem-solving, and operational organization skills.
- Contributed directly to campus sustainability initiatives.

Uber — Food Delivery Driver (Self-Employed)

May 2025 – Aug 2025

Denver, Colorado

- Managed timely food deliveries while maintaining high customer satisfaction.
- Demonstrated strong self-management and accountability in an independent work environment.
- Communicated professionally with customers regarding delivery timing and updates.
- Maintained efficient route planning and punctuality under time constraints.
- Developed customer service, responsibility, and time-sensitive decision-making skills.

Coursework Project — Team Member

Software Development Methods and Tools (CSCI 3308)

- Collaborated in a 5-person software development team to build an application project.
- Coordinated tasks, tracked deadlines, and helped keep the team on schedule.
- Participated in project planning, development discussions, and final reporting.
- Presented the final project report to stakeholders/class audience.
- Improved project management, teamwork, and leadership skills.

Education

University of Colorado Boulder

Bachelor of Science in Computer Science

Expected Graduation: **May 2027**

Certifications

- Office 365 Certification — Microsoft (2021)
